# Local Government Act Application Form

Under S68 Local Government Act, 1993

**This form is to be used:**

- To gain approval under the Local Government Act, 1993, for works associated with public storm water &/or watercourses where required by a current development consent for works including but not limited to: connection of storm water from a development to an existing/proposed Council drainage easement, secondary flow paths associated with public storm water, piping of natural watercourses, and watercourse works; or,
- To gain approval for amended plans for works associated with public storm water & watercourses that have already gained approval under the Local Government Act, 1993, associated with current development consent.

**This form is not to be used:**

- For storm water works not associated with a current development consent.

Owner/s signature/s:.....		Date:.....

**General**

- The application must include all information necessary to allow assessment of the application.
- Where an incomplete application is received Council may request the submission of additional information or if appropriate may refuse the application.
- This application must be made in respect of a current Development Consent specifically requiring consent to the proposed works. Where an application is lodged for staged works, the definition of the extent of works and all requirements relevant to those works must be agreed with Council and those requirements met.
- Any approval under the Local Government Act shall be subject to the conditions stated in the Local Government Act approval correspondence.

**Plans, documents and information to be included with the Application.**

- Engineering plans (minimum 3 copies) for the required work designed by a suitably qualified professional, in accordance with Council's "Civil Construction Specification", "GCC Design Specification for Survey, Road and Drainage Works" and "Policy 'D6.46 Erosion Sedimentation Control".
- Flooding Report where required by the conditions of the Development Consent.

Calculation of Application Fees	Amount *	Rate	Number	Total
<input type="checkbox"/> Application for approval for drainage works under Section 68 of the Local Government Act		Per application	Ea	\$
<input type="checkbox"/> Connection of stormwater into Council drainage easement / watercourse		Per connection	m	\$
<input type="checkbox"/> Piping within existing/proposed Council drainage easement and/or secondary flow path within existing/proposed Council drainage easement (up to 50m in length)		Per application (up to 50m)	m	\$
<input type="checkbox"/> Piping within existing/proposed Council drainage easement and/or secondary flow path within existing/proposed Council drainage easement (each additional metre beyond 50m)		Per linear m (each metre beyond 50m)	m	\$
<input type="checkbox"/> Watercourse works - reconstruction and/or piping (up to 50m in length)		Per application (up to 50m)	m	\$
<input type="checkbox"/> Watercourse works - reconstruction and/or piping (Each additional metre beyond 50m)		Per linear m (each metre beyond 50m)	Ea	\$
<input type="checkbox"/> Submission of amended plans - Major Amendments - greater than 10% variation from original plan		Per application	Ea	\$
<input type="checkbox"/> Submission of amended plans - Minor Amendments - less than 10% variation from original plan		Per application	Ea	\$

**Total Fee: \$**

\* Amount of Fees are payable in accordance with Council's current Fees and Charges at the time of lodgement of this application and are determined from the type and amount of works to be undertaken together with a fee for the issue of the approval.  
 \* Disclaimer: Additional fees may be charged if insufficient information is supplied on the plans to accurately calculate the fee.
