

WHAT TREES CAN'T I REMOVE OR PRUNE?

- Trees on land which you do not own or for which you are not the delegated manager. However, you can apply to prune branches from a tree that is overhanging from a neighbour's property, preferably with the neighbour's consent.
- Mangroves. You will need to contact NSW Fisheries.

WHAT HAPPENS AFTER I LODGE MY APPLICATION?

- Council's Tree Assessment Officer will come out to assess your application, usually within two weeks of the application being received by Council's Tree Assessment Officer.
- A specific date and time for the inspection cannot be arranged in advance, unless determined absolutely essential by the Tree Assessment Officer.
- Council will notify you by mail of the results after inspection.
- Council's Consent Letter, which is valid for five (5) years, must be displayed at the front of the site while the work is being carried out.

WHAT IF MY APPLICATION IS REFUSED?

- If you wish to appeal Council's decision, you may apply in writing to the General Manager, Gosford City Council, PO Box 21, Gosford, 2250 for reconsideration of your application.
- A detailed Arborist Report and/or Tree Hazard Evaluation should support all appeals.

WHAT CAN I DO ABOUT MY NEIGHBOUR'S PROBLEM TREE?

- You can apply to Council to prune your neighbour's overhanging tree branches back to your property boundary. We recommend you discuss this with your neighbour before lodging an application. However you can prune branches directly overhanging the roofline of an approved building without Council's consent.
- Council does not become involved in civil disputes between neighbours regarding tree issues.
- Council does not provide advice on who is responsible for pruning or removal and who pays for costs relating to a neighbour's tree.
- Neighbours who cannot resolve their disputes should obtain legal advice as to their rights, or call LawAccess NSW on 1300 888 529 to obtain legal information and assistance.

WHAT ELSE DO I NEED TO KNOW?

- Generally consent for removal of a tree will not be given if the complaint relates to leaf fall or enhancement of views.
- Council encourages you to replace each tree removed with an Australian native tree or a tree suitable for the site and location.
- Contact Energy Australia if you have problems with a tree under the street power lines.
- If there is immediate danger to life or property, contact the SES for emergency assistance then Council on 43258222 to explain why work was done without Council approval.
- As Council is unable to recommend someone to prune or remove your tree, we suggest you consult the local phone book or local paper.
- Only the owner of a tree or the owner's agent can apply for removal of a tree. In the case of retirement villages, relocatable home parks, villas and townhouses, the manager or Body Corporate would need to apply.
- If your tree is listed on Council's Significant Tree Register, you can apply to Council for permission to remove it only under exceptional circumstances. An up-to-date list is available from Council or on Council's website www.gosford.nsw.gov.au.
- You cannot apply to remove trees with hollows which may be providing habitat for wildlife until you have first arranged with a voluntary wildlife carer such as WIRES or Wildlife ARC for re-location of the wildlife.
- Information provided on this form may be obtained under the *Freedom of Information Act 1989*.
- Your approval is valid for five (5) years from the date of consent.
- Personal information provided to Council is subject to the *Privacy and Personal Information Protection Act 1998*. Such information will be used for Council's reporting, business needs and related procedures only.
